## Chlorodyne.

CHOLERA, DYSENTERY, DIARRHŒA, CRAMP, AGUE, FEVER, RHEUMATISM, CONSUMPTION, ASTHMA, COUGH, &c.

ALL PAIN, VOMITING AND DISTRESS ceases in a few minutes after taking a dose of that wonderful SEDATIVE ANODYNE and ANTISPASMODIC remedy, CHLORODYNE, discovered by Dr J Collis Browne M.R.C.S. L., (ex-Army Medical Staff,) the recipe of which was confided solely to J. T. Davenport, 33 Great Russell street, Bloomsbury square, London (Pharmaceutical Chemist) The medical testimony of civil, hospital, military and naval practitioners pronounces it INVALUABLE. It relieves pain of any kind, soothes the restlessness of fever, and imparts the most refreshing sleep, without producing or leaving any of the unpleasant effects of opium.

Earl RUSSELL has graciously favored J. T. Davenport with the following extract of a despatch from Mr. Webb, H. B. M's Consul at Manilla, dated Sept. 17, 1864:—"The remedy most efficacious in its effects (in Epidemic Cholera) has been found to be CHLORODYNE, and with a small quantity given to me by Dr Burke I have saved several lives." Earl Russell communicated to the College of Physicians that he had received a despatch from Her Majesty's Consul at Manilla, to the effect that cholera had been raging fearfully, and that the ONLY remedy of any service was CHLORODYNE.—See "Lancet," December 31, 1864.

From W. Vesalius Pettigrew M D., Hon. F.R.C.S England, formerly Lecturer upon Anatomy and Physiology at St. George's School of Medicine:—"I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am most perfectly satisfied with the results."

Dr. Gibbon, Army Medical Staff, Calcutta: "Two doses completely cured me of Diarrhœa."

*Extract from the General Board of Health London, as to its efficacy in Cholera.*

"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery. To it I fairly owe my restoration to health after eighteen months severe suffering, and when all other medicines had failed."

CAUTION. In consequence of the extraordinary efficacy of this remedy, several unprincipled parties have been induced to vend imitations. Never be tempted to buy Cholorodyne except in sealed bottles, having the words, "Dr J. Collis Browne's Chlorodyne" engraved on the wrapper. A sheet full of medical testimonials accompanies each bottle. Sole manufacturer, J. T. DAVENPORT 33 Great Russell street, Bloomsbury, London. Sold in bottles, 2s. 9d and 4s 6d. ju24 1yw

## The Invalid's Friend.

HOLLOWAY'S PILLS

Nervous Disorders.

What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? Here is one:—Drink but little wine, beer, or spirits, or far better abstain from them altogether; do not take coffee—weak tea is preferable; get all the fresh air you can; take three or four of the Pills every night; eat plenty of solids, and avoid the use of slops. If these golden rules are followed, you will be happy in mind, strong in body, and forget you have any nerves.

Mothers and Daughters

If there is one thing more than another for which these Pills are so famous it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous, and renewing suspended secretions. Universally adopted as the one grand remedy for female complaints these Pills never fail, never weaken the system, and always bring about what is required.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water, or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief after all other means have failed.

Stomach out of Order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver, and reduce it to a healthy action, they are wonderfully efficacious in cases of spasm—in fact they never fail in curing all disorders of the liver and stomach.

Bronchitis, Diptheria, Coughs and Colds

No diseases are more frequent, few more dangerous, than affections of the respiratory organs. The first symptoms of disordered action may always be removed by Holloway's renowned Pills. They quickly remedy any temporary stagnation of the blood, relieve the overgorged veins, moderate the hurried breathing and enable the windpipe and lungs to perform their functions with ease and regularity. These Pills, by their purifying powers cleanse the blood from all impurities and thus fortify the system against consumption, asthma, and other pulmonary complaints.

Debilitated Constitutions

In cases of debility, languor, and nervousness generated by excess of any kind, whether mental or physical, the effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of diseases re-establish the digestion, regulate all the secretions, brace the nervous system, raise the patient's spirits, and bring back the frame to its pristine health and vigor.

Biliousness, Loss of Appetite, Headache, and Lowness of Spirits.

These Pills effect a truly wonderful change in debilitated constitutions, as they create a healthy appetite, correct indigestion, remove excess of bile, and overcome giddiness, headache and palpitation of the heart.

*Holloway's Pills are the best remedy known in the world for the following diseases:*

| Ague | Dropsy | Jaundice | Secondary Symptoms |
| Asthma | Dysentery | Liver Complaints | Tic-Douloureux |

In future all notices of Births, Deaths, and Marriages intended for insertion in this paper must be pre-paid at the following rates: For births and marriages, $1 50; for deaths, $1, with funeral notice, $1 50.

### THE COLONIES.

In our yesterday's issue we gave a brief review of several of the North American and West India colonies, comparing their population and expenditure with the population and expenditure of British Columbia and Vancouver Island. We showed, we think, conclusively enough that our taxation, in comparison with the dearest of the colonies mentioned, was beyond all bounds. In order that we may not be accused of selecting countries to bear especially in favor of our argument, we give to-day Canada, the Cape of Good Hope, and the Australian colonies, making therefore the list of comparisons complete.

To commence with Canada, the most important of the British colonial possessions, we find that the population is 2,500,000 and the annual expenditure £3,000,000, which makes the taxation of the country about $6 a head. We have already shown that the taxation per head of the Pacific colonies combined reaches about £17 or $85. If we gave them separately we should put British Columbia down at $100 a head, and Vancouver Island at $65 to $70, but we prefer, for the sake of convenience, and because Vancouver Island virtually pays the bulk of the taxation of the neighboring colony, to place both countries under the one category. Next following Canada comes the Australian colony of Victoria, with its population of 550,000 and its expenditure of £2,000,000. This colony, along with New South Wales, has all the extravagance of a gold mining country, yet we find the taxation only twenty dollars a head—one-fifth of the British Columbian taxation, or a little less than a quarter of the rates paid by British Columbia and Vancouver Island combined. New South Wales shows a heavier burden than her sister colony of Victoria. With a population of 367,000 she expends £1,988,600, giving a rate per head of twenty-seven dollars. South Australia has a population of 140,000 with an expenditure of £635 000 entailing a yearly taxation of a little over $22 on every inhabitant. New Zealand is just now an exceptional colony, being in the midst of an expensive war, but will it be believed that even in her case our taxation will not admit of a comparison? With a population of 140,000 she expends £1,500,000, making the rate per head something short of fifty-four dollars or *thirty-one dollars* per head less than the inhabitants of British Columbia and Vancouver Island are required to pay in times of profound peace! We now come to Tasmania, which has a population of 91,500 and an expenditure of £329,000—showing a taxation of about eighteen dollars per head. Queensland, the next in population—numbering 61,000 inhabitants—expends £355,000, a larger proportionate amount than any of her sister colonies, with the exception of New Zealand. The taxation per head reaches twenty-nine dollars. Western Australia completes the Australasian group; here we have the individual contributing to the general Government a little short of nineteen dollars; the population being 19,000 and the expenditure £71,000. We will now conclude our list with the Cape of Good Hope, which has a population of 267,000 and an expenditure of £682,000, making the taxation per head something less than thirteen dollars.

From the foregoing, and including the North American colonies given in our issue yesterday, we compile the following table of colonial taxation:—

| | PER HEAD. |
|---|---|
| British Columbia | $100 |
| Vancouver Island | $65 to 70 |
| New Zealand [at war] | 54 |
| Queensland | 29 |
| New South Wales | 27 |
| South Australia | 22 |
| Victoria | 20 |
| Western Australia | 19 |
| Tasmania | 18 |
| Cape of Good Hope | 13 |
| Canada | 6 |
| Newfoundland | 4 70 |
| Nova Scotia | 3 40 |
| New Brunswick | 2 75 |
| Prince Edward's Island | 2 12 |

From this it will be seen that the taxation of British Columbia is five times as great as the average of the Australian colonies, which is twenty-two dollars per head, leaving out New Zealand; and that Vancouver Island exceeds Australia by 300 per cent. The average taxation of the North American colonies east of the Rocky Mountains is about $3 75 per head, or *one twenty-seventh* of the taxation of British Columbia. Nothing can speak louder or more forcibly than figures. Here we have one man in British Columbia paying for the benefits of a half civilized kind of Government as much as twenty-seven men contribute to the splendid institutions of the Eastern Provinces. We are quite well aware that populous countries can, all things else being equal, be governed much cheaper per man than ones sparsely peopled; but we have given in our list Canada with its three millions and Western Australia with its fifteen thousand. If we come to public works, we can point to the colony of Victoria with its recently constructed lines of railway and a debt of seven or eight millions sterling,—to Canada, South Australia and to Queensland, with their immense expenditure on works of public utility. There is not, in fact, a single exceptional point in the case of the Pacific colonies to justify the expenditure of one farthing per head more than is demanded in the very expensive colonies of Australasia. Countries like individuals must adopt the homely proverb of "cutting their coat according to their cloth," and we cannot see, for the life of us, on what grounds of philosophy or political economy the people of these two colonies should be called upon for an expenditure that is not only totally beyond their means but unheard of in the whole annals of taxation.

### MARRIED.

At Olympia, on the 3d instant, by the Rev. P. E. Hyland, Mr. William Clendennin, of Snohomish City, to Miss Jane E. Connor, of Olympia.

FROM NANAIMO.—The steamer Emily Harris, Capt. Chambers, arrived early yesterday morning from Nanaimo and the settlements, bringing about 15 passengers and some way freight. The bark Carlotta, bound to San Francisco with upwards of 800 tons of coal, was seen yesterday in the straits. The brig Advance arrived on the 10th from Victoria. The *Gazette* has the following:—The Bishop of Columbia has presented the Secretary with $10 in aid of the funds of the Institute. Messrs. Cunningham Bros. are erecting the largest and most substantial store in Nanaimo on Bridge street. Messrs. Gordon & Blessing are the architects. The steamer Reliance, Capt. Irwin, arrived from New Westminster on Saturday night. She will be placed on the ways at Messrs. Bolton & Cook's shipyard for the purpose of having a thorough overhaul.

WHAT'S A COLONY?—In the last number of Blackwood, that able and most entertaining writer, Cornelius O'Dowd, while philosophizing upon "What's what and who's who in 1865?" observes, "Not less instructive would it be to hear what's a colony? Is a colony an integral part of the nation inhabited by subjects of the same Sovereign that rules the parent State, and bound up with the fortunes of the mother country? or is a colony a hanger on of the family, to be helped and assisted when times are prosperous and things go well, but to be turned adrift whenever retrenchment is necessary, and it may be prudent to reduce the establishment?"

SOLD—WITHOUT GETTING THE MONEY.—The *Gazette* mentions that not a few persons were rather badly sold at Nanaimo last week, through noticing large official envelopes stuck in the Post Office window addressed to them, displaying in bold letters the words "On H. M. Service." Each anxiously expectant recipient of some fat little government billet applied eagerly to the postmaster for his "despatches," but what was his dismay on ripping open the seal to find enclosed an application for the *amount due under the Salaries Tax Act.*

AGRICULTURAL SHOW.—The annual exhibition of the Agricultural and Horticultural Society will be held on the ground adjoining Jay's Nursery Gardens on Thursday. Although some farmers assert that the day appointed is somewhat too early to enable them to do justice to their farm productions, nevertheless the snow bids fair to be the best that has yet taken place on the Island. The indefatigable secretary and managing committee are using every exertion to render it successful. The dinner will take place in the evening at the Colonial Hotel.

H.M.S. DEVASTATION—The following is the list of officers now serving on board this steamship: W. K. Joliffe, Commander, Stopford and Shattock, Lieutenants, T. O. Simpson, Master, Dr. Gregory, Surgeon, Dr. Bogg Asst. Surgeon, C. T. Jordan, Chief Engineer, J. N. Nelson, J. Fox, — Muller, Asst. Engineers, Pritchard, Warren, Midshipmen, De Ridder, Master's Assistant, C. Carter, Asst. Paymaster.

COMMEMORATION DINNER.—All friends of the Collegiate School and of Education are invited to attend the commemoration dinner to take place at the Colonial Hotel on Monday evening next. Tickets, $6 each, may be had at the Colonial Hotel, at the Book stores, or of the members of the committee, whose names appear in the advertisement.

THEFT—Kill-saw, a Skidegate Indian, was yesterday charged before Mr. Pemberton with stealing four pair of socks from the store of Morris Dobrin, and was fined $20 or three months' hard labor. Jimmy, a Songish Indian, was sentenced to two months in the chain gang for stealing apples from Mr. Robt Elford.

H.M.S. SUTLEJ went outside yesterday far gunnery practice. The rapid discharge of her large guns sounded like a distant bombardment. She returned to Esquimalt in the afternoon and kept her fires banked, intending probably to go out again to-day.

FROM THE SOUND—The steamer Eliza Anderson, Captain Finch, arrived yesterday from Olympia and way ports on Puget Sound, bringing eighteen passengers and a cargo of live stock, fruit and oysters, as per manifest.

DINNER TO MR. BURNABY.—The Masonic fraternity of this city will entertain Robert Burnaby, Esq., M. P., Master of the Victoria Lodge, at a farewell dinner this evening in the Colonial Hotel.

OYSTERANIA.—Messrs. Piper & Alisky, of the well-known refreshment saloon on Government street, announce that they are prepared to serve their customers with the famous Olympia oysters in every form.

REPORTED CAPTURE OF PEKIN.—A telegram mentions that the insurgents are reported to have captured this city.

THE U. S. SUWANEE left Esquimalt yesterday morning early on a cruise up Puget Sound.

LONDON HOUSE—Messrs. J. H. Turner & Co. have added to their well selected stock, per recent arrivals from England, a choice and fashionable assortment of Autumn and Winter Dress Goods of the newest materials, Horrockses' Long Cloths, Linens, Embroidered Collars and Cuffs, and a variety of other seasonable goods. *

NO LADY'S TOILET COMPLETE.—Unless there be the Fragrant SOZODONT: unto the breath sweet odors it imparts, the gums a ruby redness soon assume, the teeth quick rival alabaster tint, and seem as pearls set in a coral vase.

Sold by all Druggists and Perfumers.

EXCESS OF JURISDICTION.—A man named George Campbell, recently filling a responsible position in town was on Wednesday last convicted in the Court of the Stipendiary Magistrate at Sooke of supplying a bottle of rum to an Indian, for which he was mulcted in the sum of $100, penalty for first offence, and $96 costs, and in default ten months' imprisonment with hard labor. Mr. McCreight instructed by Messrs. Bishop and Courtney yesterday applied for and obtained writs of *habeas corpus* and *certiorari* for the discharge of the prisoner on various grounds of informality as also of excess of jurisdiction. The case will be heard before Chief Justice Cameron. Campbell was formerly a clerk in the employ of Mr. Sayward, who presented him on leaving his service with a handsome gold watch.

DEATH OF THE GOVERNOR OF IDAHO.—The Idaho *World*, of August 26th, gives an account of the death of C. DeWitt Smith, Secretary of the Territory and late Acting Governor, at Rocky Bar, on the 19th of August, after an illness of but a few minutes. The *World* says he was a young man of promise, and had made many warm personal friends since his arrival. He first brought his name permanently before the public in connection with the part taken by him in removing the capitol archives to Boise city. The Territory is now left without either Governor or Secretary. Governor Smith was a native of New York, was educated for the bar, but we believe had never practised any, having spent several years as clerk of one of the departments at Washington.—*Oregonian.*

ANOTHER ATLANTIC STEAMSHIP LINE.—A Halifax telegram of Aug. 30th states that a prospectus has been published for a fortnight steamer line with vessels of four thousand tons burthen, between Southampton and New York. The title is to be the Trans-Atlantic Ship Company; capital eight hundred thousand pounds, in fifty pound shares; passage to be performed within ten days. Two subsidiary steamers of six hundred tons, to be supplied, to connect the service at Southampton with Antwerp, Havre and London, through rates of freight being established between these cities and New York. The enterprise is said to be supported by the London and Southwestern Railroad Company, the Southampton Dock Company, and other important concerns.

STEAMER FOR SAN FRANCISCO.—The new and elegant propeller Montana (not the Pacific mail boat of that name) will sail from this port shortly for San Francisco, touching at Rio Janeiro and Valparaiso. She was built recently at Bath, Me., and is said to be a very handsome craft. It is claimed that the voyage can and will be made in seventy days. Her rates of passage are $275 and $200, with less prices for children. I hear she is intended to run from San Francisco to some of the northern ports after discharging her cargo inside the Golden Gate.—*N. Y. Cor. Oregonian.*

FOR CHINA—The Philomela was towed out of Esquimalt harbor yesterday by the Sir James Douglas *en voyage* to China.

## ESTATE OF CULVERWELL.

SPECIAL MEETING OF CREDITORS.

A special meeting, called by public notice, to consider an offer of composition submitted by the bankrupt Culverwell, was held yesterday afternoon at the office of Messrs. Drake & Jackson, Government street. The following creditors were present:—Messrs. J. G. Shepherd, C. B. Young, W. S. S Green, F. Tarbell, Thomas Lowe, J. Banks, Dr. Evans, F. Weissenburger, Thomas Deane, W. Force, D. W. Higgins, W. A. Harries, and R. S Jackson and Robert Bishop, Solicitors to the Official and Trade Assignees.

Mr. Jackson read the proposition made by Culverwell through Mr. Drake, offering to deposit in the branch office of the Bank of British North America in San Francisco a sum equal to 30 cents in the dollar on all his legal debts, provided the creditors will execute a deed of release, to be handed over to him on payment of the money.

In reply to an enquiry from Mr. C. B. Young,

Mr. Jackson said he presumed that the composition of 30 cents offered did not mean that secured creditors were to give up their securities.

Mr. Banks said he was, he believed, the heaviest loser. He had not proved on the estate, but he hoped he should receive as much as any other creditor.

Mr. Jackson said a secured creditor always stood better than an unsecured one.

A question was asked as to the amount of liabilities,

Mr. C. B. Young said Messrs. Janion, Green & Rhodes were creditors for $1800, and they had not proved on the estate as well as Mr. Banks.

Mr. Bishop said creditors who did not prove within the prescribed time were debarred from claiming on the estate.

Mr. Jackson read the section of the Act which referred to the acceptance of a composition by the creditors and the staying of proceedings in bankruptcy. Another meeting would be necessary to ratify the proceedings of this meeting and to complete the arrangement.

Mr. Bishop said that at the last meeting the creditors had consented to accept Culverwell's offer, and, representing certain creditors, he wished to know what security the bankrupt offered?

Mr. Jackson referred to Mr. Drake's letter, remarking that no better security could well be offered.

Some conversation ensued on the nature of certain claims on the estate—the position of those who had not proved, and what were to be considered legal claims.

Dr. Evans said he had not heard from Culverwell since his departure until recently, and Culverwell said that one of the parties who claimed to be a creditor in fact owed him money. He did not wish to mention names.

Messrs. Young and Shepherd said the debts proved amounted to about $12 700; assets at present realised over $3000. Proceedings were in suit for the recovery of outstanding debts.

Mr. Banks said the bankrupt owed him between $2000 and $3000 in cash lent without security.

Mr. Weissenburger said he was creditor for about $300.

After some further discussion it was agreed to take the sense of the meeting on the offer.

The creditors, after some demur on the part of two or three, consented with one exception (Mr. Force) to accept the composition.

In the course of conversation Mr. Tarbell remarked that the bankrupt was reputed to have a good deal of property of one kind and another, and he should like to see some statement of the position of affairs.

It was remarked that the bankrupt's property was mortgaged.

Mr. Tarbell said that Culverwell possessed horses and stock of different kinds, and he had expected when the trade assignees were appointed to see a statement of affairs submitted to the creditors. Three months had now elapsed and the creditors were still in the dark.

Mr. Shepherd and Mr. Young explained the difficulty of arriving at a true knowledge of the bankrupt's position; those who knew declined saying anything, and his presence was necessary to explain matters.

After some further remarks about the transfer of property by the bankrupt to certain creditors in anticipation of bankruptcy, and respecting the payment of the legal costs incurred in the estate, it was agreed, on the motion of Mr. Shepherd, that the offer of composition be accepted, and that a deed be prepared for the signautre of the creditors, care being taken to secure them, and the meeting thereupon adjourned.

## LETTER FROM PORT ANGELOS.

Port Angeles, W. T., Sept. 8, 1865.

REMOVAL OF CUSTOMS.

TO THE EDITOR OF THE BRITISH COLONIST—SIR:—Port Angelos still remains the port of entry, although the Collector of Customs has managed to get the concern on wheels, preparatory to its being moved at some future time (over the left) to that far-famed and noted city whose beauties were so finely portrayed to the admiring world by that eminent traveller J. Ross Browne.

BUILDINGS AND IMPROVEMENTS.

Quite a number of changes, as well as improvements, have taken place here within a short time. George Allingham & Co. have purchased the Exchange Hotel. They have refitted it and are now busily engaged in constructing a wharf suitable for the accommodation of ships and steamboats; the depth of water at ebb tide is 12 feet, and they will soon have it ready for use. Two fine large houses have just been finished on the hill above the town, one for the family of the late Mr. Victor Smith, the other for the special agent, Mr. Leighton, who is here with his family. James Dalgardno's Hotel has been leased by the Collector for a Custom House, and the revenue flag is now floating over it.

ARRIVALS AND DEPARTURES

Have been somewhat numerous. Collector Dr. L. C. Gunn and deputy J. M. Asher have emigrated to San Francisco, while our city has been graced by an importation of a number of her Majesty's faithful servants, whose numbers will be missed at the calling of the mess roll. The emigrating of the Collector and his deputy has not in the least shocked the nerves of the citizens here.

POLITICS.

A new importation of officials from up the Sound has been made to fill the vacancies. These new officials are highly struck with the appearance of things in this vicinity, and inform their friends that Port Angelos is no fit place for a civilized person to live in (that is in their estimation only long enough to pocket the greenbacks and leave). A great pity they are forced to leave their present homes up the Sound to come to a place not suited to their tastes. The people of this place did not force the situations upon them, and most certainly not to the exclusion of their own citizens, many of whom have had to look elsewhere for situations and employment, while imported men find their way into the Government positions here, and complain of the location of the Custom House and their hardships! Their troubles can be easily remedied by vacating, and giving place to *home productions.*

The community have no sympathy with one class of officials, who have made it their business to depreciate the property of the Government, and more especially at a time of war, when all the revenues of the Government are required to meet her expenses. Politically the Union men of Clallam County are bitterly denouncing the action of H. A. Webster, the Indian Agent at Neah Bay, and demand his removal upon the following grounds, first: He has endeavored to depreciate the property of the Government while receiving his salary from the same. Second—He used all his influence last year to defeat the Union candidate for joint representative, and succeeded in so doing, with the assistance of other officials—Collector Gunn & Co. Third—He used his influence to defeat the Union ticket entire at the last election, with the exception of one name, and that all the votes at Neah Bay were cast for the Democratic ticket straight, with the exception of one name, that of Mr. Denny, defeating the Union ticket of Clallam County.

HEAVY SUITS.

A great deal of interest is now being manifested in this county by the suits that have been instituted by C. W. Bradshaw, and by Adams, one of the parties who was shipped over to your city on the eve of the election, by a band of men styling themselves "vigilanters;" although their vigilant operations consisted in prosecuting none but those who voted the "Union ticket." Bradshaw sues for $5000 for their searching his house by force, and placing his life in danger. Adams sues for $25,000 for driving him out of the county, and forcing him to sell his homestead for a trifle.

NEW ROAD FOR SETTLERS.

Our old friend Nicholas Meagher, formerly of the Exchange, has been appointed Road Inspector, and is rapidly pushing along the county road from New Dungeness to Elwah river, opening up a beautiful tract of country for the settler. Some fine farms are being located. Persons having families would do well to improve the opportunity to locate along this line of road. There is a road intersecting with it from this place one mile back from the town.

THE LATE VICTOR SMITH.

The loss of the steamer Brother Jonathan caused a mournful feeling to prevade this whole community. The Hon. Victor Smith has left behind a devoted wife and four children to mourn a loss which is shared by the people here. He was one of the main supporters of this town, assisting the citizens and settlers with all the means at his command, both with his purse and his intellect. The county and the community have indeed lost a warm friend and an able councillor.

CHEERING NEWS FOR SMALL CRAFT.

The Special Agent of the Treasury Department, who is at present here, has been examining into the working of the system prohibiting the carrying of freight in small craft of less than thirty tons register, and it is presumed he will report favorably on the matter. A petition was some time since drawn up and forwarded to the Department by Deputy Marshal Brown, and it is upon this petition that the Agent is now requested to report to the Department.

MONGO PARK.

[As our friends and neighbors across the Straits are not blessed (?) with a newspaper, our columns are at all times open to communications from them of local or general interest; but we must request our correspondents to refrain as much as possible from personalities, or reference to individual squabbles and differences, with which we cannot identify ourselves.—ED. COL.]

## PUGET SOUND ITEMS.

By the arrival of the Eliza Anderson, we learn that a serious affray took place on Friday last between two men connected with the sawmill at Port Ludlow. One of the parties received in the encounter four stabs from a carving knife in the hands of his opponent. The wounded man was at once conveyed to Port Townsend, where he now lies in a precarious state. Hopes are, however, entertained of his recovery. The culprit came also to Port Townsend and gave himself up to the sheriff.

The Third Judicial District Court, presided over by Chief Justice Hewitt, is now in session at Port Townsend, hearing the complaint of the man who was recently punished by the Vigilance Committee at Port Angelos. The arguments of the respective counsel were not concluded when the steamer left.

In Chambers three decrees of divorce have just been granted, one of which we notice is that of Mr. Drummond, of Victoria, from his wife Mrs M. Drummond.

## OREGON.

(Oregonian dates to the 8th.)

INSURANCE—Many of the shippers per Sierra Nevada took policies of insurance against loss by the pirate Shenandoah.

FINAL INTERMENT OF MISS BERRY—The remains of Miss Mary Berry, neice of Mrs. S. N. Arrigoni, who was lost by the wreck of the Brother Jonathan on the 30th July, reached this city by the steamer Sierra Nevada on Friday evening, and were finally interred at St. Mary's Cemetery, on the east side of the Willamette, on Saturday last. The remains were followed to the grave by a few friends of the family. The solemn rites of burial had been performed by the Holy Catholic Church at Eureka, where the body was recovered, and there was no public ceremonies on this last sad occasion. Miss Berry was a native of Dublin, Ireland, aged 21 years.

DEATH FROM STRANGULATION.—A discharged soldier at Fort Vancouver, who had been on a spree for several days, terminated his existence on Tuesday night while drunk, by dropping his neck between the pailings of a picket fence. When found yesterday morning, he was standing perfectly erect by the side of the fence, holding on with both hands his head resting over the top, dead. He was removed and a coroner's jury returned a verdict of death in accordance with the facts. We did not learn his name, but understand he was lately from Fort Boise.

## AFFAIRS IN IDAHO.

By Wells, Fargo and Co.'s Express, last evening, we are placed in possession of files of papers from Idaho up to the date of 26th August:

On the evening of the 26th there was considerable excitement in Idaho City, growing out of the apprehended attack by the vigilantees upon the jail. Men are coming from the country with fire arms, merchants are crowding goods into cellars, and matters look threatening indeed.

The *World* says that owing to a change of Agents for Wells, Fargo and Co. at Rocky Bar, the Stage Company is "down" on somebody and stopped the coaches, consequently the mail does not run, as no contract for carrying has been awarded. The Postal Department had better "sell out" in Idaho as well as Oregon.

A large party of men had left for an expedition on the Malhuer to explore and prospect a region hitherto but little known, lying along the south fork of the Malhuer, and around the lake of that name. One company penetrated into the country last year, but were driven out by the Indians with the loss of several lives and the most of their horses. Good prospects were said to have been obtained by the company, but no one had any leisure to work and test the value of its mineral resources. This country has long been known as the mountain fastness of the numerous bands of Indians whose annual excursions both north and south have been so destructive to life and property. This company in attempting to penetrate into that country will be treading on dangerous ground.

An incendiary fire broke out on the night of the 24th, between the City Hotel and Taylor's Saloon, but was extinguished without serious difficulty.—*Oregonian.*

## TELEGRAPHIC.

CALIFORNIA.

SAN FRANCISCO, Sept. 6.—The election in this city to-day is progressing very quietly. There is little excitement, and the vote is necessarily light. It is impossible at present to tell how the election has gone, but there is a strong probability that a portion of the Democratic ticket has been elected. Members of the Union parties have shown great apathy, and the Democrats have worked vigorously.

Judge Field yesterday rendered a decision in favor of the plaintiff in the suit of George Gordon *vs.* the South Fork Canal Company for $76,589,86 with interest, from June 13th 1863, for material used, and labor furnished in the construction of certain sections of the canal, and also decided the lien should hold good against the entire canal, and not be confined to those particular sections on which the labor and material were expended.

The fourth anniversary of the Exempt Fire company of San Francisco, was celebrated on Tuesday evening by a sumptuous feast at the Russ House. The party numbered about 100 persons.

A private telegram from New York informs us of the sale of the American side-wheel steamer Oriflamme, 2,000 tons register, to parties in this city, on private terms. She is supposed to be now on her way here.

THE NEW STEAMER MANTANA—HER PASSENGERS, &C.

NEW YORK, Sept. 5.—The steamer Montana sails to-morrow morning at nine o'clock for California *via* Rio Janeiro. Among the passengers is the Hon. Mr. Washburn, our new Minister to Paraguay. The Montana also takes out a number of Southerners, among whom are Col. Wood of Natchez, and others who are going to Brazil with a view to the formation of a permanent settlement for themselves and others that may choose to follow.

The British steamship Queen, a new vessel which arrived from Liverpool this morning, brings 1,526 passengers, said to be the largest cargo of humanity that ever crossed the Atlantic on a single vessel.

NEW YORK, Sept. 4—Advices from Port Au Prince to the 15th of August, state that the insurrection which was intended to aid the rebels at Cape Haytien, has been promptly suppressed by the government. President Jeffrard sent a commission to examine into the condition of the army of Cape Haytien. The members of the Commission returned a favorable report. They also advise that in order to spare useless effusion of blood, the rebel stronghold should not be attacked, but strongly invested and bombarded, so that the rebel garrison may receive no succor from outside. Seven steamers and three sailing vessels are at the command of the government to render the blockade effectual. President Geffrard was about to visit the northern part of the island. News of the revolution in San Domingo are confirmed by way of Hayti.

THE ATLANTIC TELEGRAPH.

NEW YORK, Sept. 1.—The last mail from England brings a report from good authority that the Great Eastern will be at once dispatched from Sheerness to New Foundland. The object of this trip is to fish up any fragment of dissevered cable which it is hoped will be recovered by means of grapplers. The promoters of this enterprise in England are determined to try another cable next year, making use of recovered portions of the old one.

HALIFAX, August 30.—The America, from Liverpool the 19th, and Queenstown the 20th, has arrived. Moorings had been laid down for the Great Eastern at Sheerness. The inference was drawn that she would not go out again this season. The *Times* says the expedition is full of encouragement for the future. The only discouragement apparent is the inability of the electrician to discover the serious faults, in the cable paid out over the ship's side. The delay of another year will not be thrown away if it will enable them to devise better tests of the excellency of the cable before it is submerged—though whether they do so or not we must believe in the possibility of an Atlantic telegraph being established, and look forward to the day as certain, even if distant, when England and and America will throb with one pulse of life.

PHILADELPHIA, Sept. 1st.—The *Herald's* special dispatch says Wirtz placed in the hands of his counsel yesterday documentary evidence to prove that in establishing the dead line at Andersonville he acted under the orders of Gen. Winder, and Seddon, the rebel secretary of war. The records of the Andersonville prison are missing, and it is believed to be for the purpose of preventing their being used against Wirtz. The clerk in the quartermaster's Department, in whose hands they were last seen, has been placed under arrest.

NEW YORK, Sept. 4.—The *Tribune's* special says G. H. Emerson, bailiff of the Wirtz military commission has just returned from the South where he was sent by the government to summon witnesses for the defence. The names of about sixty rebel officers and men were furnished by Wirtz. Considerable difficulty was experienced by Emerson in finding the witnesses as they were scattered over the States of North and South Carolina, Alabama, Florida and Georgia. A number had gone to Texas and Mexico. Out of the list of sixty but thirty of them were found, all of whom are now one the way to Washington. The first subpœna embraces the names of officers of all grades, from the rank of colonel down. Also the number of private soldiers—most of those named served with Wirtz while in command of Andersonville prison.

## ADDITIONAL.

[From the Oregonian]

MUSTERING OUT OF REGIMENTS.

NEW YORK, Sept. 1.—The *Post's* special says: Orders have been issued to muster out thirty more regiments of infantry.

THE PACIFIC SQUADRON.

PHILADELPHIA, Aug. 31.—The United States sloop of war Dacotah arrived at the navy-yard this morning from Cayenne via St. Thomas. The Dacotah left Boston to join the Pacific Squadron, but at Cayenne her engine was disabled, rendering her return necessary.

VIRGINIA POLITICS.

NEW YORK, Sept. 4.—The *World's* Washington special says: The recommendations of the late Mass Meeting at Richmond and that of similar meetings to be held throughout the State is being carried out. They have been called in several counties. One was held on Friday at Halifax Court House, which passed resolutions accepting the abolition of slavery as an accomplished fact, and pledging their efforts for a full restoration of the Union. They endorsed the reconstruction policy of President Johnson.

COMMUTATION OF SENTENCES OF DESERTERS—NATIONAL CURRENCY.

NEW YORK, Sept. 4—The *World's* special dispatch says: The President has generally commuted to imprisonment for a term of years all pending sentences of death in the cases of soldiers convicted of desertion. Three Mississippi soldiers under sentence of death have been sent to Fort Delaware for five years each. Another dispatch says none of the prominent ex-rebel generals have yet applied for permission to leave the country under the permission of the late Presidential proclamation. General Lee has no thought of thus applying, though he has been offered a handsome mansion in London.

A special dispatch says: It is confidently predicted that the President will soon issue a proclamation restoring the writ of *habeas corpus* in the loyal States.

The amount of national currency issued by the Treasury Department for the week ending Sept. 2d, was $2 231 580. Grand total issued up to date, $177,487,220. Total amount of certificates of indebtedness redeemed at the bureau of redemption of the Treasury Department for the week ending Sept. 2, was $6,987,520; and the amount of mutilated currency destroyed in same period $2,206,575.

POSTAL SERVICE SOUTH.

NEW YORK, Sept. 4—Contracts for postal services in the South are now being made with the railroads and steamboats. They are taken as an average of fifty per cent. lower than before the war. In one case, $27 300 is now paid for service for which the Government gave $150,000 five years ago

MANIFESTOS FROM SOUTHERN BISHOPS.

NEW YORK, Sept. 4.—Pastoral manifestors to their flocks from three Methodist Bishops of the South, and from the Episcopal Bishop of Alabama, are published. They recognize the unmistakable fact of the failure to destroy the political unity of the country, and urge on their people cheerful submission to the powers that be. Acquiesce in all the results of the war and return to good citizenship under the National Government. But they are more uncharitable on the subject of church reunion with their Northern brethren, claiming that the latter have repulsed previous advances made with this object, and insist that further proposals must come from them. Mr. Wilmer, Episcopal Bishop of Alabama, instructs his clergymen that it would not be necessary to resume their prayers for the President of the United States until civil authority is fully restored in the State. At a convention of Georgia Episcopalians, it was resolved to resume their connection with the church North whenever the Bishops should consider such a course consistent with the good faith pledged to their brethren of other portions of the late Confederate States.

THE ELECTION IN VERMONT.

MONTPELIER, Sept. 5—At the election for State and County officers and members of the Legislature to-day, the vote was the lightest cast for many years, being not more than three fourths as large as that of last year. The vote for Governor, 48 towns embracing one fifth of the vote of the State, is for Dillingham, republican, 3500 majority.—The representative vote from 48 towns, in all of which the republicans triumphed, except five, is in miscellaneous.

HON. B. F. MOORE ON THE SITUATION.

NEW YORK, Sept. 5—The Wilmington *Herald* prints a letter from the Hon. B. F. Moore on the situation, and the duties of the approaching Convention on the question of slavery, negro suffrage, the satisfaction of civil contracts entered into during the war, and the repudiation of the rebel debt etc.—He stands squarely on Governor Holden's platform, but at the same time he obsequiously refers to the questions which should be left by the Convention to the action of the Legislature. The assumption of the rebel debt may be one of these, for he does not appear to be in favor of repudiation, though opposed to the assumption of that debt. [This is somewhat contradictory; we give it as we received it.] The same paper says Mr. Moore has the reputation of being one of the ablest jurists of the State.

LOCOMOTIVE EXPLOSION.

HARRISBURG, PA., Sept. 5—The boiler of the locomotive of the Express train on the Pennsylvania Railroad coming East this morning, burst with a fearful explosion. Three persons were instantly killed.

FORTRESS CHATTANOOGA.

NEW YORK, Sept. 5—The *Herald's* Chattanooga correspondent says: Since Col. W. B. Gaw, 16th Colored Infantry, took command of this post, the Augean stable has been renovated. The arrest and confinement of several officers for drunkenness, and the promulgation of an order forbidding the sale of liquor to officers and soldiers have had salutary effect. As Chattanooga is one of the five permanent fortresses, it is eminently desirable that a strict order and military discipline should at once be inaugurated and that vice in every form should be discouraged. This Colonel Gaw has done. There are now stored in this city about seven millions worth of stores belonging to Government. Measures are being taken to secure them against fire.

FROM SOUTH AMERICA.

NEW YORK, Sept. 1st—Advices from South America to July 24th, state that the Paraguayans had suffered a reverse near South Bogota. The Brazilian force attacked the vanguard of the Paraguayan army and drove it back with great loss.

HOLLOWAY'S OINTMENT AND PILLS.—The family medical chest that is furnished with these powerful remedies needs nothing more. Indigestion, general debility, liver complaint, eruptions, sores, wounds, ulcers, tumours, &c., are infallibly cured by their use. They purify the blood and give tone and vigour to the whole system. The Ointment, when well rubbed into the parts affected, enters the flesh just as salt enters meat, and if the Pills be taken as an auxiliary, the cure is speedy, thorough, and permanent. These medicaments are composed of rare balsams, without the admixture of a grain of mercury or any injurious substance. They are peculiarly mild and gentle in their action, and are as safe as they are efficacious.

**Mr. LANDALE,**

**Civil and Mining Engineer,**

MANAGER OF THE FUCA STRAITS Colliery, Engineer of the Harewood Rail way etc., etc. Letters left at the office of Allen Francis' Esq, U. S. Consul, will be forwarded. se6

HOLLOWAY'S PILLS AND OINTMENT—Stomach and Kidneys. Between these two organs there exists a close and intimate relation which is demonstrated by the wasting which occurs in all diseases afflicting the kidneys. The disordered stomach is often the first index of renal irregularity. Holloway's remedies used at that juncture would cut short many a serious and fatal attack. They act with wonderful efficacy on every organ of secretion, but especially do they regulate the stomach, liver and kidneys, in restoring their healthy functions, and casting out any obstructions or impurities. It is necessary for the ointment to be well rubbed into the small of the back twice daily, when it is absorbed, and greatly augments the purifying and salutary influence of the Pills.

HOLLOWAY'S PILLS.—General debility, low spirits, and nervous irritation, are the consequences of dyspepsia or indigestion. The Pills soon give tone to the stomach, renovate the digestive powers, purify the blood, and give strength to the whole system. Sluggishness of the body and depression of the mind are succeeded by a cheerful activity of the physical and mental functions. Indigestion is the parent of so many evils, and is so common, so universal a complaint, that it is a great blessing that such a remedy as this invaluable medicine should have been discovered. No one need long suffer from indigestion with these Pills at hand.

HOLLOWAY'S PILLS AND OINTMENT.—Influenza, Colds.—In diseases of the throat and chest, so prevalent in this country, nothing so speedily relieves or so certainly cures as these inestimable remedies. These disorders are too often neglected at the commencement; or are injudiciously treated, resulting in either case, in disastrous consequences. Whatever the condition of the patient, Holloway's medicines will restore, if recovery be possible; they will retard the alarming symptoms till the blood is purified and Nature consummates the cure, gradually restoring strength and vital nervous power. By persevering in the use of Holloway's preparations, tone is conferred on the stomach and frame generally; the fluids are regenerated, morbific matter is expelled, and a happy revolution occurs throughout the system.

HOLLOWAY'S PILLS—Liver Complaints.—The virtue of these incomparable Pills are fully appreciated in every part of the civilized world. As they act on the general system through the circulation, there are few diseases which they cannot cure; but they are especially efficacious in all the disorders of the liver. For those they are an indubitable specific. They possess unrivalled potency for good, while they cannot do harm. A child might physic itself with these Pills, and without the slightest danger, except from such excess as would make the most wholesome aliment in the world an evil. By reducing the superfluous bile, regulating its due secretion, and giving tone to the stomach, they effect a permanent and perfect cure.

**Chlorodyne.**

CHOLERA, DYSENTERY, DIARRHŒA, CRAMP, AGUE, FEVER, RHEUMATISM, CONSUMPTION, ASTHMA, COUGH, &c.

ALL PAIN, VOMITING AND DISTRESS ceases in a few minutes after taking a dose of that wonderful SEDATIVE ANODYNE and ANTISPASMODIC remedy, CHLORODYNE, discovered by Dr J Collis Browne M.R.C.S. L., (ex-Army Medical Staff,) the recipe of which was confided solely to J. T. Davenport, 33 Great Russell street, Bloomsbury square, London (Pharmaceutical Chemist). The medical testimony of civil, hospital, military and naval practitioners pronounces it INVALUABLE. It relieves pain of any kind, soothes the restlessness of fever, and imparts the most refreshing sleep, without producing or leaving any of the unpleasant effects of opium.

Earl RUSSELL has graciously favored J. T. Davenport with the following extract of a despatch from Mr. Webb, H. B. M's Consul at Manilla, dated Sept. 17, 1864:—"The remedy most efficacious in its effects (in Epidemic Cholera) has been found to be CHLORODYNE, and with a small quantity given to me by Dr Burke I have saved several lives." Earl Russell communicated to the College of Physicians, that he had received a despatch from Her Majesty's Consul at Manilla, to the effect that cholera had been raging fearfully, and that the ONLY remedy of any service was CHLORODYNE.—See "Lancet," December 31, 1864.

From W. Vesalius Pettigrew, M. D., Hon. F.R.C.S, England, formerly Lecturer upon Anatomy and Physiology at St. George's School of Medicine: "I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am most perfectly satisfied with the results."

Dr. Gibbon, Army Medical Staff, Calcutta: "Two doses completely cured me of Diarrhœa."

*Extract from the General Board of Health London, as to its efficacy in Cholera.*

"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery." To it I fairly owe my restoration to health after eighteen months' severe suffering, and when all other medicines had failed."

CAUTION.—In consequence of the extraordinary efficacy of this remedy, several unprincipled parties have been induced to vend imitations. Never be tempted to buy Cholorodyne except in sealed bottles, having the words, "Dr. J. Collis Brownes' Chlorodyne" engraved on the wrapper. A sheet full of medical testimonials accompanies each bottle. Sole manufacturer, J. T. DAVENPORT, 33 Great Russell street, Bloomsbury, London. Sold in bottles, 2s. 9d and 4s. 6d. ju24 lyw

The Infallible Remedy.

## Holloway's Ointment.

Contracted or Stiff Joints.

All the medicines in the London dispensaries would barely benefit, much less cure, any chronic cases of contracted or stiff joints; whereas if this invaluable ointment be effectually rubbed into such parts twice a day, the effects will be immense. Paralytic patients even can derive advantages from this fine remedy when other means fail.

Scorbutic Humours.—Scald Head and Skin Diseases.

Scorbutic humors arise from an impure state of the blood, and in most cases the liver and stomach are the organs at fault. The Pills will speedily restore these to a healthy action; while the Ointment if well rubbed in at least twice a day, will soon cure any case of skin disease. Soldiers, sailors, and miners, use this famous Ointment in all parts of the world.

Disorders of the Kidneys, Stone and Gravel.

In any of the above complaints more benefit may be derived in twenty-four hours by adopting the following simple means than is frequently brought about in six months by any other treatment. In bad cases if the Ointment be rubbed into the small of the back over the region of the kidneys, it will quickly penetrate, and, in most instances, give immediate relief. Six or eight of the Pills should be taken nightly according to circumstances.

Diptheria, Sore Throats, &c.

These maladies are of so serious and dangerous a nature that the Ointment would not be recommended unless the Proprietor was sure of its effect. It will cure when every other means have failed, if applied immediately, and not delayed until the patient is beyond recovery. It is a sovereign remedy for sore throat. Settled Coughs or wheezing will be promptly removed by rubbing in this unguent. Mothers should rub it into the chest of their infants whenever there is any hoarseness, tightness, or other affection of breathing.

Bad Legs, Bad Breasts.—Old Wounds, Sores and Ulcers.

It is surprising how quickly a sore, ulcer, or wound, deprives the body of strength, and unfits it for the duties of life; but it is no less wonderful to watch the effect of Holloway's Healing Ointment, when it is used according to the printed directions, and assisted by appropriate doses of the Pills. The pain, inflammation, and other morbid manifestations, soon disappear from the affected part and health and strength return.—This treatment creates sound flesh, and therefore makes its cures complete.

Gout and Rheumatism.

Will be cured with the greatest certainty if large quantities of the Ointment be well worked into the complaining parts. This treatment must be perseveringly followed for some time and duly assisted by powerful doses of Holloway's Pills. The essence of these diseases lies in the blood, which has floating through each vessel the pain giving poison which vitiates and inflames every tissue it comes in contact with, and produces the hot, swollen, elastic enlargement about the joints so characteristic of gouty and rheumatic maladies.

*Both the Ointment and Pills should be used in the following cases:*

| | | | |
|---|---|---|---|
| Bad Legs | Chilblains | Glandular | Sore-throats |
| Bad Breasts | Chapped Hands | Swellings | Skin-diseases |
| Burns | Corns (Soft) | Lumbago | Scurvy |
| Bunions | Cancers | Piles | Sore-heads |
| Bite of Mos-quitoes and Sand-Flies | Contracted and Stiff Joints | Rheuma-tism | Tumours |
| Coco-bay | Elephantiasis | Scalds | Ulcers |
| Chego-foot | Fistulas | Sore Nip-ples | Wounds |
| | Gout | | Yaws. |

## BENSON'S WATCHES & CLOCKS

WATCH AND CLOCK MAKER, BY SPECIAL APPOINTMENT, TO HIS ROYAL HIGHNESS THE PRINCE OF WALES.

Opinions of the London Press upon Benson's Great Clock and Watches in the Exhibition, 862

"As a sample of English clock work on a large scale, the works of this are probably the finest finished that have ever been seen in this country. No Chronometer could be finished with more perfect or carefully adjusted mechanism.—*Times*, June 11, 1862.

"A mere splendid and exquisitely finished piece of mechanism we have never seen."—*Standard*, June 7, 1862.

"Some of them are of great beauty, and if the English watch trade only follow up with the same spirit and success this first attempt to compete with foreigners in decorative watches, there seems to be no reason why we should not get the trade entirely into our own hands."—*Times*, June 23, 1862.

"A triumph of ingenuity."—*Telegraph*, March 31, 1862.

"Ranged around the base of the clock were the Watches which Mr. Benson exhibited, and which have been universally admired for the beauty and elegance of the designs engraved upon them. The movement are of the finest quality which the art of horology is at present capable of producing. The clock and watches were objects of great attraction, and well repaid the trouble of an inspection."—*Illustrated London News* November 8th, 862

One grain of the extract of the medicinal properties of Radway's Pills, possess a greater curative power over disease than a thousand of the crude and inert materials that enter into all other pills in use. These Pills are compounded of the active medicinal properties of the Roots, Herbs, Plants, Flowers, Gums, &c. of which they are composed. One dose will prove their superiority to all other pills. They

AS ALTERATIVES.

They exercise a more powerful influence over the liver and its secretions than calomel, mercury, blue pill, hence their importance in cases of Liver Complaints and Spleen Difficulties, Jaundice, Dyspepsia, Bilious attacks, Headache, &c. In the treatment of Fevers, either Bilious, Yellow, Typhoid, and other reducing Fevers, they are superior to quinine. Their influence extends over the entire system, controlling, strengthening, and bracing up the relaxed and wasting energies, and regulating all the secretions to the natural performance of their duties, cleansing and purifying the blood, and purging from the system all diseased deposits and impure humors.

Are the results of Inflammation or irritation of the mucous membrane of the bowels, induced by drastic pills—these imperfect pills, instead of being dissolved by the chile, are carried to the lower bowels, and induce a peristaltic movement or evacuation by their irritation—hence the straining, cramps, wrenching pains, piles and tenesmus, and the frequent false calls to the water closet, that patients undergo who take these imperfect pills.

If you would avoid these annoyances, whenever a purgative medicine is required, take a dose of

HOLLOWAY'S PILLS.—A Remedy for Bilious and Liver Complaints.—Those who suffer from bile and liver complaints should try the effects of this valuable remedy, a few doses of which will make the sufferer feel elastic and vigorous, remove all impurities, give a healthy action to the liver, and strengthen the stomach. If bilious attacks be allowed to continue without using such a preventative, more serious casualties may arise, and the sufferer be consigned to a bed of sickness Holloway's Pills are an extraordinary remedy acting immediately in the removal of acidity o the stomach, indigestion, debility, and nausea preparing the food thoroughly for assimilation rendering each tributary organ perfect in its function, and stimulating the kidneys

HOLLOWAY'S PILLS for Indigestion, Stomach and Liver Complaints.—Persons suffering from any derangement of the Liver, Stomach, or the Organs of Digestion, should have recourse to Holloway's Pills, as there is no Medicine known that acts on these particular complaints with such certain success. They strengthen the tone of the Stomach, increase the Appetite, purify the Blood, and correct depraved Secretions. In Bowel complaints they remove their primary cause, and soon restore the Patient to sound health. Nervous or sick headaches, and depression of spirits, may be speedily relieved by a course of these Pills. They are composed of rare balsams, without the admixture of a grain of Mercury, or any noxious substance, and are as safe as they are efficacious.

HOLLOWAY'S OINTMENT AND PILLS, a certain remedy for diseases of the skin—Ringworm, scurvy, scrofula, or king's evil, sore heads, and the most inveterate skin diseases to which the human race is subject, cannot be treated with a more safe and speedy remedy than Holloway's Ointment and Pills, which act so peculiarly on the constitution, and so purify the blood that those diseases are eradicated from the system, and a lasting cure is obtained. They are equally efficacious in the cure of tumours, burns, scalds, glandular swellings, ulcerous wounds, rheumatism, contracted and stiff joints. These medicines operate mildly and surely. The cure effected by them is not temporary or apparent only, but complete and permanent.

HOLLOWAY' OINTMENT AND PILLS.—Fistulas, Piles, Excoriations, and Strictures, are speedily relieved and ultimately removed by applying this Ointment after fomentation with warm water. Persons suffering from these scourges of the human frame should arrest their progress at once, for it is both insidious and rapid. Fistulas, if long allowed to go on unchecked, not only weaken the nervous system, but destroy life. The sooner these inestimable remedies are used the more certain is success; yet none should despair, hopeless cases have often yielded, and the sufferer has been saved a painful death. In excoriations, a few applicaions of this healing Ointment effect a cure, while the Pills, conjointly used, are especially beneficial in relaxing and removing strictures, whatever their situation or duration.

Inflammation of the Stomach or Bowels;

### RADWAY'S READY RELIEF

SHOULD BE TAKEN INTERNALLY.

One dose will stop the pain; its continued use will, in a few hours, cure the patient.

**HOW IT CURES.**

The secondary indication of RADWAY'S READY RELIEF is to cure the patient of the disease or malady that occasions the pain; this it accomplishes rapidly and radically. So swift is the patient transformed from pain, misery, weakness, and decrepitude, to the delightful enjoyment of health and strength, that patients frequently ascribe its talismanic power to the supernatural influence of enchantment.

RHEUMATISM, LUMBAGO, GOUT, NEURALGIA, TOOTHACHE, CROUP, INFLUENZA, SORE THROAT, QUINZY, DIPTHERIA, HOARSENESS, BRONCHITIS, STIFF JOINTS, ENLARGED TENDONS, HEADACHE, (Sick or Nervous,) ASTHMA, or HARD BREATHING.

It is truly marvellous how quick RADWAY'S READY RELIEF cures the sufferers of these maladies. The poor, crippled, and pain-stricken Rheumatic has not to wait days before a change takes place, but in a few minutes derives ease and comfort.

LONDON TIMES.

**Twenty Years of Sleepless Nights.**

Wm. Sydney Myers, Esq., of Havana, Cuba, the correspondent of the London Times, suffered with Acute and Chronic Rheumatism for twenty five years, and for twenty years he had not enjoyed one whole night's calm rest. He applied RADWAY'S READY RELIEF—it immediately gave him ease and secured him the first calm and undisturbed sleep during the twenty years. The continued use of the READY RELIEF cured him.

PREVENTION BETTER THAN CURE.

THERE IS NO OCCASION FOR SICKNESS.

When you first feel pain, then take a teaspoonful of the READY RELIEF, in water; or apply it to the parts where you feel the discomfort.

ALL MALIGNANT DISEASES

first give warning of their presence, and if met promptly before they become securely intrenched within the system, will be readily expelled.

SIGNS OF SICKNESS.

Headache, Pains in the Limbs—in the Stomach, Bowels, and Kidneys—Cold Chills, and Hot Flushes, Coated Tongue, Burning Skin, Nausea, Shivering, Dullness, Loss of Appetite, Restlessness, Giddiness, &c., &c., are premonitory symptoms of Malignant Diseases. One dose of the READY RELIEF is sufficient to break up and expel the diseased action, and restore the patient to health.

**IN THE ARMY.**

Dysentery, Bilious Cholic, Flux, Yellow, Typhoid and Malarious Fever, Rheumatism, Small Pox, Diptheria, Letters from Medical Directors, Surgeons, and Military Officers endorse the importance of RADWAY'S READY RELIEF over all other medicinal remedies.

EIGHTH MAINE.

Eighth Maine regiment, Serg't C. P. Lord, writes that Radway's Ready Relief saved the regiment from death while quartered at Tybee Island, S. C., when working in the swamps, erecting fortifications. Every man seized with Typhoid and other Fevers, Fever and Ague, Diarrhœa, Dysentery, Rheumatism, was cured by the use of the Ready Relief.

HOLLOWAY'S PILLS AND OINTMENT—Deranged Stomach, Sick Headache.—Our comfort, happiness, and security depend on the knowledge that most diseases originate from apparently a trifling beginning, and that the large proportion of them spring from inattention to the state of the stomach. Professor Holloway has turned his knowledge to useful account by discovering medicines which cure, without exception, the attendants on disordered digestion. They ward off, likewise, the torturing sick headache. The Ointment should be well rubbed, twice daily, over the stomach, liver and bowels; to them it penetrates, and, aided by the Pills, immediately works a revolution as establishes perfect digestion.

HOLLOWAY'S PILLS.—No Medicine can surpass these Pills in their purifying and curative power, over every organ of the body. Stomach, liver lungs, heart, and kidneys, soon display subjection to their influence, by which all diseases of those organs are arrested, all obstructions removed, and every function is healthfully performed; the digestion is, by their influence, so improved that scarcely any food disagrees; acidity and flatulence alike are checked; nausea and biliousness disappear; firmness is given to every muscle, and tone to every nerve; the mind becomes exhilarated, and the thoughts become cheerful. These wonderful Pills correct dyspeptic habits; whether resulting from residence in hot climates or over indulgence, they secure by night sound and refreshing sleep, which fits the body for renewed exertions.

HOLLOWAY'S PILLS are decidedly the best remedy for all disorders of the stomach and bowels, the liver and kidneys. They act with so decided an effect, and yet so gently, that people of the most delicate constitutions may take them with the most perfect confidence. They do not contain one grain of mercury or other noxious substance, being composed exclusively of rare balsams. They are, therefore, equally safe and efficacious, and as a family medicine, nothing yet invented or discovered can be compared with them for a moment. With these inestimable Pills at hand, together with the printed directions affixed to each box, no other medical advice or assistance can be needed in any ordinary case of sickness.

HOLLOWAY'S OINTMENT AND PILLS—Acute Rheumatism. In all severe pains in the joints and muscles, after due fomentation with hot water, the soothing action of this Ointment is most remarkable; it seems at once to lessen inflammation, ease pain, reduce the swelling, restore the free circulation, and expel the disease. In these complaints, indeed, Holloway's Ointment and Pills are an infallible specific. The Ointment should be rubbed as near the part in pain as the patient can bear; it is absorbed and directly conveyed to the diseased textures, when, acting on nerves, vessels, and guiders, it will arrest disease and again establish healthy action. The aperient and purifying qualities of the Pills have the happiest effect in assisting the Ointment.

HOLLOWAY'S OINTMENT AND PILLS—Palpitation, Shortness of Breath, Dropsy.—This last named disease is often preceded by irregular action of the heart, and difficult respiration which symptoms are always severe, and ever go from bad to worse, unless proper means of cure be resorted to.
